Hi Rebecca. I have a drug case going to trial in Superior Court in Pittsfield next month. The name of 2 codefendants are Most likely the trial will occur week of the 10th or 17th but not positive about that. Couple of questions for you:

- 1. Do you have any bad days that you want me to stay away form? I'll put protective orders in for those days if you can let me know.
- 2. I might have a little problem, I've heard Sonja Farak no longer works there through grapevine. My grapevine is not very good so is that true? If so may have an issue. In this case you did following:
  - 1.
  - 2.
  - 3.
- Part of this same case Sonja did (1) If Sonja no longer around is it possible for you to re-test those 2 items? Or is there another way you can think of so that you could testify about the validity of her analysis? Thanks
- I'll know more about our exact trial date on May 3rd and will let you know.
